HOPE ENGINEERING COMPANY

MOUNT VERNON, OHIO
CONSULTING & CONTRACTING
ENGINEERS
IN NATURAL GAS

HOW many men buy an automobile on the basis of cold dollars-and-cents' analysis of the operating service it will deliver? If a man fails to choose the most efficient car for the money, the loss is his own and he receives no censure from anyone.

But in the purchase of gas engine and compressor equipment, no man can afford to let his choice be influenced by hunches, back-slapping or spontaneous enthusiasm.

Men who turn the searchlight of analysis on operating records and actual experiences of users invariably recommend the purchase of Cooper engines and compressors. And Cooper buyers are in the majority.
