INTRODUCTION AND GENERAL INDEX

R. L. POLK & CO., publishers of more than 1,300 city, county, state and national Directories, present to subscribers and the general public, this, the 1965 edition of the Mount Vernon City Directory, which also includes Knox County rural route residents.

Confidence in the growth of Mount Vernon's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Mount Vernon to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Mount Vernon Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings--a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Mount Vernon, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Mount Vernon, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numeri-

PUBLIC LIBRARY OF THE
AND KNOX COUNTY
201 North Mulberry Street
Mount Vernon, Ohio 43050

cal order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Mount Vernon. There are more than 1,000 Directory Libraries installed in cities and towns throughout the U. S., Canada and Puerto Rico by members of the Association of North American Directory Publishers, under whose supervision the system is operated and of which R. L. Polk & Co. is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO.,
Publishers.

Hospitals--2, with total of 208 beds.

Education--13 public schools in city district, including 1 senior high and 1 new junior high. 1 parochial grade and high school. Number of pupils in public schools, 5,049; in parochial, 561. Number of teachers in public schools, 216; in parochial, 17.

Public Libraries--1, with more than 62,000 volumes.

City Statistics--Total street mileage, 62, with 25 miles paved. Miles of gas mains, 86; sewer, 56. Number of water meters, 4,809. Capacity of water works (municipal), 6,500,000 gallons; daily average pumpage, 2,500,000 gallons; a modern sewage disposal plant serves the city, miles of mains, 58. Fire department has 16 men, with 1 station and 4 pieces of motorized equipment. Police department has 17 men, with 1 station and 4 pieces of motorized equipment.

General Review

The first white man known to have viewed the present site of Mount Vernon was John Stilley, who, when a captive among the Indians, traversed Owl Creek (present Kokosing River) from its mouth upward, in June, 1779.

The first white man to locate within the present Knox County limits was Andrew Craig, who came from the mountainous region of Virginia, and built his cabin close to the little Indian Field, located where Center Run enters the Kokosing River, on the southeastern edge of the city. Here he lived when Mount Vernon was laid out in 1805 by Joseph Walker, Thomas B. Patterson and Benjamin Butler.

One of the settlers, being from the region of the Potomac River and thinking of the consecrated spot on its shores, suggested that the town should bear the name of Mount Vernon.

The first settlers were from Virginia, Maryland, New Jersey and Pennsylvania, and many of the direct descendants of those hardy pioneers still reside in this locality.

A frequent visitor to the settlement in the early days was the famous character in Ohio history, known as Johnny Appleseed (John Chapman). He is given credit for planting some of the old apple orchards in the county, and at one time owned two lots in the original plot of the village. These lots were located at the end of S. Main St., next to the river.

Knox County, of which Mount Vernon is the county seat, is one of the richest agricultural counties in the state and leads in the raising of poultry, hogs and pure-bred sheep. It is the largest sheep-raising county in Ohio.

Mount Vernon is located on the Pennsylvania Railroad, 90 miles from Cleveland and 45 miles from Columbus. It also is located on the Wheeling-Chicago division of the Baltimore & Ohio Railroad, giving direct connections to the great market centers. 15 motor-freight lines give intra and interstate service.

The State and Federal highways traversing the county and Mount Vernon include State Route No. 3 (the well-known "Three C Highway"). The short route between Cleveland and Cincinnati via Columbus; State Route 13, connecting Sandusky and Athens, Ohio; U. S. Route 36, from Denver, Colo., to Cadiz, Ohio, there connecting with U. S. 22 on to the Atlantic Coast; State Routes 229, 586 and 661; and U. S. Route 62, from Buffalo, N. Y., to the Rio Grande River, passing through the southeastern section of the county. (See Highways, under General Statistics for Route 71, freeway, information).

Mount Vernon has two banks and two building and loan associations. These institutions are well managed and have facilities to take care of demands far in excess of the present requirements.

The educational facilities of Mount Vernon are excellent. The public high school is modern in every way. One new grade school and additions to three other grade schools have been constructed recently. A new Junior High building is now in use. The parochial grade and high schools are of a very high standard. The Mount Vernon Academy operated by the Seventh-Day Adventist Church at Academia, a suburb, is

well and favorably known, and draws students from all parts of the world. The Mount Vernon Bible College at Bangs has begun a theological education program. Five miles east, at Gambier, is Kenyon College, an Episcopal school, which is the oldest men's college west of the Alleghenies. Many of the most famous men in American life were graduated from Kenyon College, including President R. B. Hayes and Edwin M. Stanton.

Mount Vernon is honored in the history of America's national music, being the birthplace of Daniel Decatur Emmett, immortal as the author and composer of "Dixie," that song beloved of the Southland and now one of the national songs of a reunited people. His last resting place in beautiful Mount View Cemetery is a shrine for all who honor and revere his memory.

Mount Vernon is known as "Ohio's Colonial City." Millions of dollars in Colonial Architecture provides Mount Vernon with a tourist attraction that is becoming increasingly important. A current project is underway to make Mount Vernon and Knox County the "Dogwood Center of the U. S." 5,000 trees have been planted. One day, a Festival will be held to observe the blooming season of the beautiful and meaningful Dogwood Tree.

Industry is diversified and has experienced a sound and steady growth in Mount Vernon. Labor-management relations have a record of friendly cooperation. The principal industries now include:

The Cooper-Bessemer Corp., manufacturers of gas engines, gas-diesel engines, diesel engines, marine engines and compressors.

The Continental Can Company, printers and converters of laminators, cellophane, pliofilm, foils, paper and coatings.

The Pittsburgh Plate Glass Co., automobile and window glass.

Chattanooga Glass Co., manufacturers of milk bottles, Mason jars, Coca-Cola bottles.

The Loma Linda Food Co., soybean food products.

The Weyerhaeuser Company—Shipping Container Division corrugated cardboard containers.

Mattox Concrete Products, blocks, etc.

Honeycomb Products, honeycomb, fiberglas, paper, etc.

Wenco, Inc., manufacturers of glazed windows.

Jervis B. Webb Co., fabricators of custom sheet metal and heavy plate shapes.

Electric power is furnished by the Ohio Power Co., which has ample facilities for providing power for any size industry. Telephone service is furnished by the Mount Vernon Telephone Corp. Natural gas is provided by the Columbia Gas System, and the Ohio Cumberland Gas Co. City water comes from artesian wells and is softened in a modern municipal softening plant. This plant has been increased in size and an additional new reservoir, located on a high point east of the city, has been constructed, providing ample facilities for the future growth of Mount Vernon.

Health conditions here are unexcelled in the state. Two modern hospitals serve a large section of central Ohio. Mercy Hospital and the new 1½ million dollar B. W. Martin Memorial Hospital. The Mount Vernon State Hospital, a multi-million dollar institution, is located near Mount Vernon.

Mount Vernon has:

A beautiful memorial building with a large public auditorium, furnishing facilities for civic meetings and concerts.

A state armory building providing another large area for public affairs.

A new shopping center district.

A handsome post office building, occupying half a city block in the business section.

A modern public library.

A new Y.M.C.A. is being built with a million dollars donated by Knox County citizens.

A new Army Reserve Training Center has been constructed.

A country club with a fine golf course and swimming pool, beautifully located in the hills overlooking the city and surrounding country.

A community swimming pool and recreation area.

23 churches, representing practically all denominations.

A retail section occupying sixteen city blocks, with stores and shops equal to any city in Ohio. Six parking lots provide free parking facilities for customers in the downtown area.

The Mount Vernon Area Chamber of Commerce employs a full-time staff and maintains office facilities and services of high quality.

An up-to-date City Directory Library is available for use at the Chamber office.

The citizens of Mount Vernon are determined that proper planning will be done now to make ready for the future growth of the city.

WHY A BUYERS' GUIDE?

IT IS CUSTOMARY TO INCLUDE A BUYERS' GUIDE IN THE CITY DIRECTORY BECAUSE:

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

★ **The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED** ★

OUT OF SIGHT!
OUT OF MIND!
OUT OF BUSINESS!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

THE CITY DIRECTORY IS THE NATURAL MEDIUM FOR KEEPING A BUSINESS OR PRODUCT NAME IN THE SPOTLIGHT. *INSIST ON BEING WELL REPRESENTED IN ITS PAGES.*

CASHIERS! TELLERS! CLERKS!

★

Do your employers furnish you with the latest edition of the City Directory?

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CAUTION . . . .

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100 PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000 PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers —the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L.).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in **HEAVY TYPE** denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address; other members of the family and roomers are indicated by r preceding the street address.

STREET and AVENUE GUIDE
INCLUDING
TELEPHONE NUMBERS and HOME OWNER SYMBOLS

1965

Copyright, 1966, by R. L. Polk & Co.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

SERVICES
of R. L. Polk & Co.

CITY DIRECTORIES

Polk City Directories are published regularly for more than 1,300 North American cities. Each Polk Directory is the one complete inventory of residents and businesses in the community for which it is published. The facts compiled for a City Directory include the name, address, occupation and marital status of each resident; the name, address, ownership and classification of each business. The vast fund of information in a Polk Directory helps bring together buyers and sellers, facilitates credit, speeds deliveries and communication and stimulates business generally. Polk also cooperates in maintaining City Directory Reference Libraries in cities throughout the United States and Canada.

MARKETING SERVICES

Polk offers a full range of services to help businesses increase their sales volume. One of Polk's principal services is custom-produced selective mail advertising for many of the nation's leading advertisers. Other services include: Mailing and prospect lists, couponing and sampling, data processing services, publishing of controlled-circulation magazines, contest administration, fulfillment services, consumer and market research, warehousing and shipping, creative services and fulfillment services.

AUTOMOTIVE STATISTICS

Polk has served as statistician for the automotive industry for more than 40 years. Polk's total count of cars, trucks, motorcycles and trailers, by make and year model, is the only annual inventory of the nation's wheeled population. Polk's new car and truck reports furnish manufacturers and dealers with regular capitulations of all sales for each territory. To produce these statistics, Polk maintains one of the largest electronic data processing installations in the country. By using Polk statistical services, American business can plan intelligently its production, distribution and sales.

BANK DIRECTORY

Published semi-annually, Polk's Bank Directory is recognized as the outstanding reference book in the financial world. The directory carries detailed information on each of the nation's banks, showing officers, directors, branches, statement and other data. The book also includes a Summary of United States Banks, charts and statistics and a listing of governmental banking agencies and banking organizations. Polk also offers financial institutions a portfolio of marketing, advertising and research services.

REACH YOUR BEST PROSPECTS---in your city, county, state or nation-wide---the fastest, surest, most economical way---by using. . .

POLK'S AUTO REGISTRATION LIST: Automatic selection of your prospects by the most practical "mass income" yardstick ever devised.

POLK'S CHILDREN LIST: Automatic selection of families in your trading area by number, age and sex of children, and median family income.

POLK DIRECTORIES: Uniquely thorough coverage of home-owners and business firms in your city and over 5,000 other cities and towns.

POLK SPECIAL LISTS: Manufacturers, Wholesalers, Retailers, Government Officials, Contractors, Engineers, Barbers, Dentists, Dairies, 35,000 special categories in your market area or across the nation.

We handle your entire promotion, or any phase you want. Building a dynamic "offer," producing the printed pieces, addressing, mailing.

Z JUN -- 1990

HOW TO USE YOUR CITY DIRECTORY

The major departments in the Directory are arranged in the following order for ready reference:

1. INDEX TO ADVERTISERS
2. INTRODUCTION
3. BUYERS' GUIDE
4. CLASSIFIED
5. ALPHABETICAL SECTION
6. HOUSEHOLDERS' and STREET GUIDE

Particular attention is directed to four symbols as being important contributing factors in supplying complete information. They appear as follows: ALPHABETICAL SECTION, "h"—Householders, "r"—Resident, HOUSEHOLDERS' AND STREET GUIDE, "Δ"—Telephone Subscriber, "◎"—Homeowner.

The City Directory Will Answer Your Everyday Questions - - -

About an Individual

How does he spell his name?.....Alpha.
