Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1

An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2

A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3

A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4

A "Yellow Section" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5

A *Statistical and Historical Story* of your city; plus miscellaneous other information.

INTRODUCTION AND GENERAL INDEX

— — — — —

R. L. POLK & CO., publishers of more than 1,400 city, county, state and national Directories, present to subscribers and the general public, this, the 1971 edition of the Mount Vernon City Directory, which also includes Knox County rural route residents.

Confidence in the growth of Mount Vernon's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Mount Vernon to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Mount Vernon Directory will fulfill its mission as a source of authentic information pertaining to the city.

Five Major Departments

The five major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Mount Vernon, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Mount Vernon, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the inter-

secting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

V. THE KNOX COUNTY RURAL ROUTES DIRECTORY is the fifth major department, printed on white paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Mount Vernon. There are more than 800 of these Directory Libraries installed and maintained in cities and towns throughout the United States, Canada and Puerto Rico through the courtesy of your Publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

General Review

The first white man known to have viewed the present site of Mount Vernon was John Stilley, who, when a captive among the Indians, traversed Owl Creek (present Kokosing River) from its mouth upward, in June, 1779.

The first white man to locate within the present Knox County limits was Andrew Craig, who came from the mountainous region of Virginia, and built his cabin close to the little Indian Field, located where Center Run enters the Kokosing River, on the southeastern edge of the city. Here he lived when Mount Vernon was laid out in 1805 by Joseph Walker, Thomas B. Patterson and Benjamin Butler.

One of the settlers, being from the region of the Potomac River and thinking of the consecrated spot on its shores, suggested that the town should bear the name of Mount Vernon.

The first settlers were from Virginia, Maryland, New Jersey and Pennsylvania, and many of the direct descendants of those hardy pioneers still reside in this locality.

A frequent visitor to the settlement in the early days was the famous character in Ohio history, known as Johnny Appleseed (John Chapman). He is given credit for planting some of the old apple orchards in the county, and at one time owned two lots in the original plot of the village. These lots were located at the end of S. Main St., next to the river.

Knox County, of which Mount Vernon is the county seat, is one of the richest agricultural counties in the state and leads in the raising of poultry, hogs and pure-bred sheep. It is the largest sheep-raising county in Ohio.

Mount Vernon is located on the Pennsylvania Railroad, 90 miles from Cleveland and 45 miles from Columbus. It also is located on the Wheeling-Chicago division of the Baltimore & Ohio Railroad, giving direct connections to the great market centers. 15 motor-freight lines give intra and interstate service.

The State and Federal highways traversing the county and Mount Vernon include State Route No. 3 (the well-known "Three C Highway"). The short route between Cleveland and Cincinnati via Columbus; State Route 13, connecting Sandusky and Athens, Ohio; U. S. Route 36, from Denver, Colo., to Cadiz, Ohio, there connecting with U. S. 22 on to the Atlantic Coast; State Routes 229, 586 and 661; and U. S. Route 62, from Buffalo, N. Y., to the Rio Grande River, passing through the southeastern section of the county. (See Highways, under General Statistics for Route 71, Freeway, information).

Mount Vernon has two banks and two building and loan associations. These institutions are well managed and have facilities to take care of demands far in excess of the present requirements.

The educational facilities of Mount Vernon are excellent. The public high school is modern in every way. One new grade school and additions to three other grade schools have been constructed recently. A new Junior High building is now in use. A new Senior High School and joint Vocational Trade School was scheduled to open in the fall of 1969. The

parochial grade school is of a very high standard. The Mount Vernon Academy operated by the Seventh-Day Adventist Church at Academia, a suburb, is well and favorably known, and draws students from all parts of the world. The Mount Vernon Bible College at Bangs has a theological education program. Five miles east, at Gambier, is Kenyon College. It is Co-Educational as of 1969. Many of the most famous men in American life were graduated from Kenyon College, including President R. B. Hayes and Edwin M. Stanton.

Mount Vernon Nazarene College opened in October of 1968 with an enrollment of 300.

Mount Vernon is honored in the history of America's national music, being the birthplace of Daniel Decatur Emmett, immortal as the author and composer of "Dixie," that song so beloved of the Southland, and now one of the national songs of a re-united people. His last resting place in beautiful Mount View Cemetery is a shrine for all who honor and revere his memory.

Mount Vernon Senior High School

KNOX COUNTY
JOINT VOCATIONAL SCHOOL

Mount Vernon is known as "Ohio's Colonial City." Millions of dollars in Colonial architecture provides Mount Vernon with a tourist attraction that is becoming increasingly important. A current project is underway to make Mount Vernon and Knox County the "Dogwood Center of the U. S." Over 7,000 trees have been planted. One day, a festival will be held to observe the blooming season of the beautiful and meaningful Dogwood Tree. In 1966, Mount Vernon was named an All-America City by Look Magazine and the National Municipal League. This honor has brought wide fame to the city.

Industry is diversified and has experienced a sound and steady growth in Mount Vernon. Labor-management relations have a record of friendly cooperation. The principal industries now include:

The Cooper-Bessemer Company, manufacturers of gas engines, gas-diesel engines, diesel engines, marine engines and compressors, jet gas turbines.

The Continental Can Company, printers and converters of laminators, cellophane, pliofilm, foils, paper and coatings.

The (P P G) Industries, automobile and window glass.

Chattanooga Glass Co., manufacturers of milk bottles, Mason jars, Coca-Cola bottles.

The Loma Linda Food Co., soybean food products.

The Weyerhaeuser Company—Shipping Container Division corrugated cardboard containers.

Edmont Inc., glove manufacturers.

Mount Vernon Block Co. Concrete Products.

Mount Vernon Metalsmiths, metal fabricators for the communications industry.

A M G Industries, metal rings, seals and gaskets.

Kit Mfg. Co., mobile home manufacturers.

Wenco, Inc., manufacturers of glazed windows and doors.

Buckeye Culvert, Inc., corrugated pipe and gauges.

United Precast, Inc., precast concrete items.

Jervis B. Webb Co., fabricators of custom sheet metal and heavy plate shapes.

Electric power is furnished by the Ohio Power Co., which has made facilities for providing power for any size industry. Telephone service is furnished by United Telephone Co. of Ohio. Natural gas is provided by the Columbia Gas System, and the Ohio Cumberland Gas Co. City water comes from artesian wells and is softened in a modern municipal softening plant. This plant has been increased in size and an additional new reservoir, located on a high point east of the city, has been constructed, providing ample facilities for the future growth of Mount Vernon.

Health conditions here are unexcelled in the state. Two modern hospitals serve a large section of central Ohio. Mercy Hospital and the B. W. Martin Memorial Hospital. The Mount Vernon State Institute, a multi-million dollar institution, is located near Mount Vernon.

An active American Red Cross Chapter, the Knox County Chapter is located in the Memorial Building. An excellent Blood Program is a chapter accomplishment whereby the blood needs of every resident in

KNOX COUNTY COURTHOUSE

the county are supplied by virtue of residence. Ten bloodmobile collections per year. Over 800 volunteers give service to the community through the different programs.

Mount Vernon has:

A beautiful Memorial Building with a large public auditorium, furnishing facilities for civic meetings and concerts.

A state armory building providing another large area for public affairs.

A shopping center district.

A handsome post office building, occupying half a city block in the business section.

A modern public library.

A new Y. M. C. A. has been built with a million dollars donated by Knox County citizens.

A country club with a fine golf course and swimming pool, beautifully located in the hills overlooking the city and surrounding country.

3 public golf courses.

25 churches, representing practically all denominations.

4 city parks for recreation.

A community swimming pool and recreation area.

A retail section occupying sixteen city blocks, with stores and shops equal to any city in Ohio. Four parking lots provide free parking facilities for customers in the downtown area.

The Mount Vernon Area Chamber of Commerce employs a full-time staff and maintains office facilities and services of high quality.

An up-to-date City Directory Library is available for use in the Chamber offices.

The citizens of Mount Vernon are determined that proper planning will be done now to make ready for the future growth of the city.

**Do your employers furnish you with
the latest edition of the City Directory?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

"r"—RESIDENT

"h"—HOUSEHOLDER

"r" AND "h"

Two important symbols are used in your City Directory. The symbol "r," before an address stands for "Resident." That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. Polk & Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertising or subscriptions.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1

An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2

A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3

A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4

A "*Yellow Section*" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5

A *Statistical and Historical Story* of your city; plus miscellaneous other information.

Street and Avenue Guide Including Telephone
Numbers, Home Owner Symbols
and Zip Codes

1971

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to alphabetical list of names.

The symbol * following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Zip code numbers are shown immediately following each street description. If a street runs through more than one zone the new zip code number is shown immediately preceding the lowest street number in the new zone.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "no return." In each case the publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

CAUTION . . .

Pay no money in advance to Itinerant Directory Conveyors. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

CAUTION . . .

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

CAUTION . . .

Pay no money in advance to itinerant Directory Collectors. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

CAUTION . . .

Pay in advance to itinerant Directory Convassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our collectors have strict orders not to take advance payment for either advertising or subscriptions.

CAUTION . . .

Pay no money in advance to Itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

CAUTION . . .

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

CITY LIMITS**CAUTION . . .**

Pay no money in advance to itinerant Directory Convassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

HOW TO USE YOUR CITY DIRECTORY

The major departments in the Directory are arranged in the following order for ready reference:

1. INDEX TO ADVERTISERS
2. INTRODUCTION
3. BUYERS' GUIDE

4. CLASSIFIED
5. ALPHABETICAL SECTION
6. HOUSEHOLDERS' AND STREET GUIDE

Particular attention is directed to four symbols as being important contributing factors in supplying complete information. They appear as follows: **ALPHABETICAL SECTION**, "h"—Householders, "r"—Resident, **HOUSEHOLDERS' AND STREET GUIDE**, "Δ"—Telephone Subscriber, "©"—Homeowner.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. Polk & Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertising or subscriptions.

AIDS TO PROPER MAILING

Do not use "Township" as part of your address.

Write name and address plainly and completely.

Place name and address of sender on all mail.

Prepay postage fully on all letters and parcels.

Insure valuable parcels except those containing small articles of considerable value which should be registered.

Wrap parcel post carefully in heavy paper and tie knots securely.

Morning mailing speeds delivery.

Use ZIP CODE numbers in your TO and FROM addresses.

AIDS TO PROPER MAILING

Do not use "Township" as part of your address.

Write name and address plainly and completely.

Place name and address of sender on all mail.

Prepay postage fully on all letters and parcels.

Insure valuable parcels except those containing small articles of considerable value which should be registered.

Wrap parcel post carefully in heavy paper and tie knots securely.

Morning mailing speeds delivery.

Use ZIP CODE numbers in your TO and FROM addresses.

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.
