FORMERLY GRUBERS MARKETS

FOOD TOWN, the number one food retailer in TOLEDO, has brought their low pricing policy to your shopping area. FOOD TOWNS' new "REVOLUTIONARY LOW PRICES" are possible as a result of streamlining store operations, and the absence of merchandising gimmicks, including inducements like games and trading stamps which only add to the cost of buying food. Stop in today, we think you'll like the change...

Yesterday all of our stores were closed to enable us to mark down hundreds of items to our new "REVOLUTIONARY LOW PRICES!" You'll find new low prices in every department. This week FOOD TOWN has mailed a special 12 page circular to every home in your area...if for some reason you haven't received your copy as yet, there's one waiting for you at your nearest FOOD TOWN!
